Dear Mr CSABA PAP,

On behalf of the Anti-Corruption Council of Ukraine NGO I would like to express my deep respect and gratitude to you and your colleagues for our long-standing cooperation and facilitating the Euroschool in Hungary project.

Support provided by the Embassy of Hungary to Ukraine allowed us to arrange five visits of 85 Ukrainian students and teachers to Budapest within the Euroschool “Hungary: Visegrad in the EU experience” internship program since 2014. This project’s implementation helped them to gain practical experience from experienced public officials and members of the diplomatic corps of Hungary in the field of foreign policies, EU integration processes and international affairs on central and local level, as well as to bring Hungary and its history, culture, and traditions closer to every Ukrainian.

Using this opportunity, I hereby kindly ask you for publishing the news attached about the Euroschool in Hungary project’s progress on the web-site of the Embassy of Hungary to Ukraine which would underline the cooperation between our countries and let us to inform the public about this.

Koszonjuk, Magyarorszag!

Sincerely yours,

Bogdan Yakymiuk,  
Head of the Anti-Corruption  
Council of Ukraine, NGO
